ITALIAN HERITAGE DAY

Last May 2017, the federal government had officially declared June as Italian Heritage Month! On Wednesday, May 30, 2018, Mayor Gary McNamara of Tecumseh invited the Ciociaro Club for the second annual Flag raising ceremony at the Town Hall.

In his opening remarks, Antonio Ciotoli, director of Youth and Culture, welcomed everyone and thanked all present for their participation. He introduced the Mayor who began by saying, "Benvenuti alla citta' di Tecumseh"! He continued by relaying how proud he was to be associated with the Town of Frosinone in Italy, the Ciociaro Club and all of its members. He spoke of all the accomplishments of the Italian communities in Canada and the heritage they continue to impart.

The Italian Vice Consul, Mr. Lorenzo Di Salvo, was also present and spoke (in English and Italian) about the influence of his Italian ancestors and how much Italians have added to this great country. Father Adriano Barbiero

of St. Angela Merici parish, after a few readings, blessed the flags and the assembly. The Voci Ciociare sang the Canadian and Italian Anthems as the two flags were raised. Then, six of the Ciociaro Folklore group danced a short traditional "Basket" dance for the crowd.

After the ceremony, the Mayor invited those attending in the town hall for some refreshments.

In attendance were, President Giulio Malandrucolo, Vice President Anna Voza, Treasurer Enio Di Donato, Corresponding Secretary Armando Carlini, Directors Massimo De Menech and Laura Tiberia. Carrying the Italian and Canadian flags proudly were the Sergeants-at-arms Joe De Benedetti and Joe Viselli. Also present were Mr. Emanuele Calamita, President of CIPBA and Cristina Timperio director of the folklore children. There were also several members of the Ciociaro Club and Italian community of Tecumseh!

Paese storico della Ciociaria: POFI

Popolazione, circa 4200 abitanti; altezza: 283 m. s.l.m.; distanza, 13 km. a S-E di Frosinone. Il visitatore che raggiunge l'altura su cui sorge il centro abitato, si rende conto dell'importanza che la rocca medioevale di Pofi aveva nel passato. La vista del panorama circostante mette in evidenza, da un lato, l'ampiezza del territorio e dall'altro la sua posizione strategica tra la via Latina e l'antico percorso di transumanze Pofi-Castro-Amaseno-Priverno. L'aspetto di fortezza veniva enfatizzato dal colore cupo delle alti toni e dei fabbricati realizzati con il basalto delle colate laviche prodotte da un apparato vulcanico, attivo tra 430.000 e 120.000 anni fa, di cui è rimasta la morfologia e i crateri. Il centro storico ha pianta ellittica con asse maggiore NE-SO compreso tra la bella Porta del Melangolo e la Porta dell'Ulivo. Sorto nell'XI sec. conserva un nucleo storico interessante e una piazza su cui sventa la torre Nova, a pianta quadrangolare. Non lontano dal centro abitato si possono osservare resti di un mulino a vento, di una cisterna e di un ponte romano. Il monumento più importante è la chiesa di S. Antonino (sec. XI), in stile romanico. Nel territorio sono stati rinvenuti manufatti paleolitici e resti fossili di mammiferi con notevoli resti di elefante (zanne e mandibola) conservati nel Museo di Preistoria del Lazio meridionale interno. Di particolare interesse la sezione dedicata alle più antiche testimonianze della presenza dell'uomo rappresentate non solo da manufatti in pietra e osso ma anche da calchi e documentazione grafica di resti fossili umani tra i più antichi in Italia: Uomo di Pofi, Uomo di Anagni e Uomo di Ceprano (*Homo erectus*). Da notare che come in tanti altri paesi della Ciociaria, specialmente con la coltivazione degli ortaggi, l'agricoltura nel territorio di Pofi è molto ricca.

Population, about 4200 inhabitants; elevation: 283 m. a.s.l.; distance from Frosinone, 13 km. (S-E). Reaching the summit of the small hill where the town rises, the visitor understands the importance which the medieval fortress of Pofi had in the past. This is a strategic position between the Via Latina and the ancient transhumance route (Pofi-Castro-Amaseno-Priverno). In appearance the town looks like a fortress for the dark colour of its high towers and its buildings made of lava from a volcano, which was active between 430,000 and

120,000 years ago, and now there are remains of its morphology and its craters. The historic centre (11th cent.) has an elliptical plan with the bigger axis NE-SW included between the fine Melangolo and Ulivo Gates. Its ancient nucleus preserves an interesting square with a square plan Tower, Torre Nova. Near the town there are remains of a mill, a cistern and a Roman bridge. The most important monument is the romanesque church of St. Antonino (11th cent.). In the vicinities of Pofi, many Palaeolithic items and mammalian fossils have come to light with remarkable remains of elephants (tusks and jaw), conserved in the Prehistoric Museum of Southern Lazio. There is also an interesting section with ancient finds of human presence: items made of stone and bone. There are also casts and graphic documentations of human fossil remains, the most ancient in Italy: Man of Pofi, Man of Anagni and Man of Ceprano (*Homo erectus*). To be noted that, as it is true for most of the rest of Ciociaria, the territory surrounding the centre of Pofi, is very rich in agriculture in general, chiefly with the cultivation of many vegetables, in particular.

NEW WASHROOMS AT THE CLUB

How wonderful to see the new washrooms at our Club finally completed so beautifully! I can only speak for the Women's, but I assume that the Men's are just as "handsome" and just as efficient! The new entry door is wider and allows much easier access for those in wheelchairs, walkers or with baby strollers etc. There is also an electronic automatic door opener button for those with difficulty.

The new hand dryers are supersonic and sanitary! The longer door stalls give one much more privacy. Also, the tile work is modern and very tasteful! I was also very impressed with the new sinks and new touchless faucets, an other sanitary idea! At a Wedding recently at the Club, I was in the Ladies' washroom and noticed a basket on the counter of "essential items" a woman might need and probably wouldn't have in her purse.....cue tips, bandages, safety pins, dental floss, mints, etc.! I thought that was so special and thoughtful!!!

My favourite part of the new washroom is the gorgeous full length mirror!!! Everyone needs that final check of one's entire outfit before exiting and rejoining the festivities!!

Thank you to Board Member and Building Chairman, Mark Rossi for his vision and consideration of the Health and Safety of ALL members and guests in working out the plans for the construction of the new washrooms! Great Job!!!

CIOCIARIA: A HERITAGE YOU CAN BE PROUD OF!

MARIA MINNA

In this issue, just to do something a bit different we'll feature a lady, born in Pofi (FR), who became “Illustre” in Canada, Maria Minna, born March 14, 1948. She is a former Canadian politician who represented the Toronto riding of Beaches-East York in the House of Commons as a member of the Liberal Party from 1997 to 2011.

Minna moved to Canada with her family at the age of 9 and she settled in Toronto. First she attended a vocational high school and at the age 24 she attended the University of Toronto where she graduated with an Honours B.A. in Sociology.

She was appointed to serve on two task forces with the Worker's Compensation Board. In 1986 she co-chaired the Task Force on Vocational Rehabilitation and in 1991 she chaired a Task Force on Service Delivery. Both led to significant improvements in the operation of the WCB.

After two previous failed attempts, in the 1993 federal election she was elected to parliament as a Liberal Member and subsequently, she was re-elected four more times, often by a large number.

On August 3, 1999, Minna was appointed to Cabinet as the Minister of International Cooperation, where she served for 3 years.

During her time in government, Minna has held several leadership roles that have focused on immigration and international relations.

In opposition, from 2006 to January 2009 Minna was the Official Opposition Critic for the Status of Women. She was also the Official Opposition Critic for Labour. On May 2, 2011 during the 41st federal election Minna lost her seat to NDP candidate Matthew Kellway.[15]

Minna also received several awards recognizing her involvement with the immigrant community, including the Premio Italia nel Mondo award for individuals of Italian origin (2001).

Tanto per cambiare, in questa edizione del Corriere, parleremo di una persona nata a Pofi (FR) il 14 marzo, 1948 – Maria Minna – diventata “Illustre” in Canada. Ella emigro’ in Canada con la sua famiglia all’età di 9 anni. Completò i suoi studi all’Università di Toronto, laureandosi con Onori in Sociologia.

Minna fu nominata al comando di due “task forces” con il “Worker’s Compensation Board”. Nel 1986 ella diresse congiuntamente la Task Force per la Riabilitazione Professionale e nel 1991 diresse una Task Force per Ricevimento di Servizio. Ambedue, furono importanti per il miglioramento delle operazioni del WCB.

Dopo aversi candidata con il partito Liberale, per ben due volte, ma senza successo, Minna fu eletta cinque volte consecutive alla camera parlamentare federale dal 1997 al 2011, ove ebbe la carica di gestire, tra altro, i reparti Immigrazione e Relazioni Internazionali. Il 3 agosto 1999, Minna ebbe la nomina di Ministro della Cooperazione Internazionale, ove servì per ben 3 anni.

In opposizione, dal 2006 al 2009, Minna fu Critica dell’Opposizione Ufficiale per lo Statuto delle Donne e Critica dell’Opposizione Ufficiale del Lavoro. Il 2 Maggio, 2011, durante la 41.a elezione federale, ella perdette il suo seggio ad un candidato del partito NDP e a questo punto la sua carriera politica cessò di esistere.

Durante la sua carriera, Minna ricevette molti premi di riconoscimento nel suo coinvolgimento nella comunità degli emigranti, incluso il Premio Italia nel Mondo, per individui di origine Italiana (2011).
