A MESSAGE FROM OUR PRESIDENT

My fellow members,

I hope everyone who was able to come to the Members' Banquet enjoyed an evening filled with great food and entertainment. We were honoured to host the delegation from Pastena. I wish to extend my thanks as well as the many thanks from the Vice Mayor and Councillor from Pastena. Thank you to all of you who

made their trip memorable.

Your board of directors, executive team, kitchen and office staff have been working very hard this year. We have a lot of opportunities and are very fortunate to have a tremendous staff and membership that we can grow with. During my campaign I spoke of increasing operational effectiveness, improved sales and marketing and a focus back on our members. We are working on initiatives that will affect each of these areas. As I write this we are addressing improvements in the following areas:

Our members bar - We have updated our menu with increased pizza options and new appetizers, salads and

desserts. We are preparing for changes in the look and functionality of the bar to offer increased food options , improved customer service and to improve and grow our Friday nights and offer take out option at the counter.

Members and Customer experience - We are in the process of revamping our website to offer online food ordering, ticket sales, hall bookings and a member's area geared toward our groups and committees.

Operational improvement – We are working to increase our kitchen and office staff to provide increased hours of service and to maintain our level of customer and member excellence. We are currently preparing a three year capital plan to ensure our facility and resources will be at their best. We are targeting to have the plan ready within the next month.

Culture and Entertainment – We are working on projects for an exciting year of entertainment options and a robust cultural program. Look for the flyers and bulletins!

You will undoubtedly see and hear about some of the changes that we are, and will be making in the upcoming months. I am extremely proud and excited of the direction we are headed and look forward to growing the Club and its membership while maintaining our position as the premier cultural club in Canada.

2019 ANNUAL MEMBERS' BANQUET

The 47th Annual Ciociaro Club Member's Banquet was held on Saturday, March 30, 2019. An exceptional turnout of over 1100 people attended to welcome the Town of Pastena, the Ciociaro Club Town of the Year for 2019. Representing Pastena were Vice Sindaco Attanasio Di Domenico and his granddaughter Selene Silvestri, and Aldo Sarracino, Assesore and Councilor. The Ciociaro Club was honoured to have in attendance Michael Tibollo, Provincial Minister for Tourism, Culture and Sport and Deputy Speaker of the House and MPP for Chatham-Kent-Leamington Rick Nicholls as well as Mayor Gary McNamara from the Town of Tecumseh. The Club was also happy to host representatives from the various Italian Clubs and Organizations from Ontario and Metro Detroit, who were present to help us celebrate 47 years of friendship, community and success. Pastena is the 25th town from the Ciociaria to be presented with the "Comune dell' Anno" award. A special thank you to all the Pastenesi who came out to support their hometown. The evening was filled with great entertainment, delicious food and celebration. The Ciociaro Club, along with our partners RBC Financial Group, Fazio Giorgi LLP, and Paul Maini, presented 7 deserving students with \$1000 bursaries to be used for post-secondary education. Numerous members were also presented with pins recognizing their 25 consecutive years of membership at the Ciociaro Club of Windsor. Our entertainment for the evening was provided by local band "Eclipse".

DELEGATION TRIP TO TECUMSEH

On April 1, 2019 Board of Directors Rocco Muscedere, Enzo Pappini, John Maceroni, Armando Carlini, Massimo De Menech and Trustee Erminio Di Domenico joined President Mark Rossi and the Pastena delegation at Tecumseh Town Hall.

The Pastena delegation was received by Tecumseh Mayor Gary McNamara, Councilor Brian Houston and many representatives from the Town of Tecumseh for an official reception. Mayor McNamara and Pastena Vice Sindaco Attanasio Di Domenico exchanged gifts on behalf of their towns and shared stories that helped strengthen the ties between the Ciociaria and Essex County. After the Town Hall visit, those in attendance were invited by the Fire Chief of Tecumseh to visit Fire Hall #1 and were given the opportunity to ride a fire truck. The official tour concluded with a visit to the Tecumseh Arena.

Paese storico della Ciociaria: ALATRI

Una maestosa cinta di mura in opera poligonale domina Alatri (13 Km. a N-Ovest da Frosinone), città degli Ernici, popolo italico appartenente al gruppo osco-sannitico. Entrata in contatto con Roma nel periodo regio (V sec. a.C.) e successivamente municipio romano, fu sede vescovile, libero comune, dominio della potente famiglia Conte e possedimento dello Stato della Chiesa.

Nell' ambito delle costruzioni megalitiche dell'area mediterranea, il complesso dell'acropoli, è tra le costruzioni più imponenti e suggestive. I monumentali massi compongono una cortina muraria compatta sulla quale si aprono due porte di accesso: Porta Maggiore, che presenta uno straordinario architrave monolitico e Porta Minore, fornita di un piano inclinato per salire alla platea superiore, dove i templi pagani furono distrutti per realizzare il Duomo e l'Episcopio. Nel Duomo è custodita la celebre reliquia dell'Ostia incarnata, miracolo del 1227. Un secondo circuito murario, sempre in opera poligonale, si estende per oltre 2 km e nel medioevo furono aggiunti torrioni quadrangolari, che rafforzavano il sistema difensivo anche delle porte di accesso alla città.

Notevoli sono i monumenti dell'età medievale. La chiesa di S. Maria Maggiore custodisce il gruppo ligneo della Madonna di Costantinopoli (XIII sec.) e il Trittico del Redentore di Antonio di Alatri.

Del sec. XIII è pure il Palazzo Gottifredo, dove è alloggiato il museo civico con una sezione antropologica in cui sono esposti oggetti particolari, quali una culla in tondino di ferro collocata tra due alberi che veniva utilizzata dalle coppie di carbonai per preservare i neonati da eventuali animali e numerosi altri oggetti di vita quotidiana. Il museo comprende, inoltre, l'importantissima sezione epigrafica; tra le altre iscrizioni, famosissima quella che descrive le opere fatte eseguire dal censore Lucio Betilieno Varo nel periodo di Roma Repubblicana per rinnovare la città (nuove vie, portico che conduce all'Acropoli, piscina per il bagno, serbatoio dell'acqua, orologio solare).

Alatri conobbe nei secoli momenti di oscurantismo e sottomissioni ma anche fermenti culturali e religiosi. Attualmente questa città, adagiata su una collina rivestita di uliveti, è centro turistico di grande valore grazie alle sue importanti testimonianze archeologiche e medioevali, e alle sue numerose manifestazioni culturali e folcloristiche, che ne fanno un gioiello della Ciociaria.

Abitanti: 28,884 (2017); Altitudine: m. 502 s.l.m.

At 13 Km. NW of Frosinone, Alatri, surrounded by a majestic belt of polygonal walls, is a city of the ancient Ernici, Italic peoples belonging to the Osco-Sannite group. Entered into contact with Rome in the royal period (fifth century, BC) and later Roman town, was an Episcopal free town, the domain of the powerful family Conti and a possession of the Papal States.

In the sphere of megalithic constructions in the Mediterranean area, the acropolis complex, is among the most imposing and suggestive buildings. The monumental boulders make up a compact curtain wall on which there are two access doors: Porta Maggiore, which presents an extraordinary monolithic lintel and Porta Minore, provided with an inclined plane to climb to the upper stalls, where the pagan temples were destroyed to replace them with the Cathedral and the Episcopal Residence. The famous relic of the embodied Host, a miracle of 1227, is safeguarded in the Cathedral. A second circular wall, also of polygonal shape, extends over 2 km and in the middle ages square towers were added, which reinforced the defensive system of the access doors to the city.

Noteworthy are the monuments of the Middle Ages. The church of S. Maria Maggiore preserves the wooden group of the Madonna of Constantinople (XIII century) and the Triptych of the Redeemer of Antonio di Alatri.

Of the XIII century is also the Gottifredo Palace, housing the civic museum with an anthropological section, which displays particular objects, such as a crib built with iron rods fixed between two trees and used by charcoal burning couples to protect newborns from any animals, or many other everyday dangers. The museum also comprises the important epigraphic section; among other inscriptions, a famous one that describes the work done by the censor Lucio Betilieno Varo in the period of the Roman Republic to renew the city (new streets, covered walkway leading to the Acropolis, swimming pool, water tank, solar clock).

For centuries Alatri experienced moments of obscurantism and submissions, but also cultural and religious ferment. Currently this city, perched on a hill covered with olive groves, is a tourist center of great value due to its important archaeological and medieval remains, and its many cultural and folkloristic events, which make it a jewel of Ciociaria.

Pop.: 28,884 (2017); Elevation: m. 502 a.s.l.

15TH ANNUAL INTERNATIONAL WOMEN'S DAY

Celebrating International Women's Day is an important cause in support of Windsor Regional Hospital Breast Health. This year, with the generous donation of \$10,000 from our own Ciociaro Club, we were able to donate \$20,000, which brought our total to date, over \$175,000!

You made it a successful evening to support the fighters, to honour those we lost, and to admire the survivors!! Thanks to all of you!

NEW STATUE IN THE CHAPEL

Some of you might already have noticed the new addition in the Chapel of the Madonna di Canneto. A statue of St. Arduino, patron of Ceprano, now stands alongside St. Onorio, St. Gerardo, St. Pio and the Madonna di Canneto. He was graciously donated to the Ciociaro Club by the Cepranese Club of Toronto. His feast day is July 28 and there is an effort to organize a Festa in his name as is the yearly custom in his hometown of Ceprano. Hopefully, this will become a reality with the Cepranese members coming out to help make this a yearly event.

Please stop by the chapel and have a look at this beautiful new statue of S. Arduino!

A. Rossi

Finally reunited

On March 31st 2019, the Ceprano Social Club of Toronto donated to the Ciociaro club of Windsor the statue of St. Arduino, Patron Saint of Ceprano. The statue was realized from a trunk of a tree by two cepranesi, Giuseppe and Amedeo Arcese, furniture builders in Toronto. They donated it to the Ceprano Social Club of Toronto. The club did not have a proper place to house the statue. In recent years, the President of Ceprano Social club, Dino De Palma visited our club and in seeing the beautiful Shrine of Our Lady of Canneto at our club thought it would be the perfect spot for the statue. We entered into negotiations with the donors and the administrations of the two clubs and it was decided that it would be the best solution. Who is Saint Arduino? He is one of four English priest that together in the 7th century made a pilgrimage to the Holy Land, to visit the sacred places where Jesus lived and ministered while on earth. It was customary than that after the visit to the Holy Land, on the trip back to their country, the pilgrims would stop in Rome to venerate the thumb of the Prince of the Apostles, St. Peter.

The four pilgrims, St. Arduino patron of Ceprano, St. Gerardo, patron of Gallinaro, St. Bernardo patron

of Arce and St. Folco patron of Santopadre, arrived in Bari and were making their way to Rome. Arrived in Ciociaria, the people were suffering from the great plague that killed thousands of people. Seeing the great need for help they stopped in these towns and ministered to the needing. Unfortunately they also caught the plague and died in the respective town that they assisted. Now we can venerate the statues of St. Arduino and St. Gerardo in our beautiful Shrine.

Rocco Maiuri

Finalmente riuniti!

Il 31 Marzo, 2019, il Ceprano Social Club di Toronto ha donato al Ciociaro Club di Windsor la statua di Santo Arduino, Santo patrono di Ceprano. La statua e' stata realizzata da un tronco d'albero da due cepranesi, i fratelli Giuseppe ed Amedeo Arcese, proprietari di un grande mobilificio in Toronto. Loro la donarono al Ceprano Social club di Toronto. Il club non aveva un posto dignitoso dove mettere questa bellissima statua. Negli ultimi anni, il Presidente del Ceprano Social Club, Dino De Palma, ha visitato il nostro club e vedendo il bellissimo santuario della Madonna di Canneto ha subito realizzato che questo sarebbe stato il posto perfetto per la statua. Entrammo in trattative con gli scultori e donatori della statua e le amministrazioni dei due club, e dopo tante conversazioni abbiamo raggiunto l'accordo che questa era la soluzione migliore. Chi e' Santo Arduino? Egli e' uno di quattro sacerdoti inglesi che nel settimo secolo intrapresero un pellegrinaggio alla Terra Santo per visitare i luoghi dove Gesu' e' nato, vissuto e morto per salvare l'umanita'. Era comune in quei tempi che i Pellegrini dopo aver visitato i luoghi sacri in Terra Santa, nel loro viaggio di ritorno ai loro paesi, si fermavano a Roma per venerare la tomba del Principe degli Apostoli, San Pietro. I quattro Pellegrini, Santo Arduino, Patrono di Ceprano, San Gerardo, Patrono di Gallinaro, San Bernardo, Patrono di Arce e San Folco, Patrono di Santopadre, sbucarono a Bari ed erano

diretti verso Roma. Arrivati in Ciociaria, trovarono le popolazioni sofferenti per la grande piaga, la peste, che ammazzo' miglia di persone. Riconoscendo il grande bisogno di aiuto che queste popolazioni necessitavano si feromarono in questi paesi per assistere i bisognosi e sofferenti. Sfortunatamente anche loro furono colpiti dalla peste e morirono nei paesi dove si erano fermati per aiutare. Adesso possiamo venerare le statue dei Santi Arduino e Gerardo nel nostro bellissimo Santuario.

CIOCIARIA: A HERITAGE YOU CAN BE PROUD OF!

Luigi Pietrobono

Luigi Pietrobono (Alatri, 26 dicembre 1863 – Roma, 27 febbraio 1960) è stato un critico letterario italiano. Si distinse al principio del XX secolo nel panorama letterario italiano come chiosatore delle opere di Dante Alighieri e di Giovanni Pascoli.

Figlio di Francesco e di Filippa Merluzzi, nel 1880 entra nell'Ordine delle Scuole Pie. Ben presto si accosta agli studi classici, laureandosi in Lettere nel 1887 con una tesi sulla Teoria dell'amore in Dante, pubblicata l'anno successivo: iniziano così i suoi studi sull'opera di Dante, che lo occuperanno per tutta la vita.

Nel 1889 consegne una seconda laurea, in Filosofia.

Sin dal 1887 è chiamato ad insegnare nel prestigioso Collegio Nazareno di Roma come titolare delle cattedre di letteratura italiana, latina e greca; di filosofia e di religione. Sarà Preside del Nazareno dal 1897 fino al 1938. Tra i suoi allievi vi è il poeta Fausto Maria Martini, al quale trasmise il suo amore per la poesia e in particolare per Pascoli.

Negli anni 1905-1906 dirige il Collegio Conti-Gentili di Alatri.

Nel 1899, dopo l'incontro con Giovanni Pascoli, dà inizio alla lunghissima e fortunata attività di saggista che lo porta a pubblicare numerosi studi sul poeta romagnolo.

Ma Pietrobono vive e opera anche localmente, dando un sostanziale impulso anche all'attività letteraria della sua cittadina natale. Di grande spirito liberale, durante la prima guerra mondiale, non esita a scendere in piazza per esortare i giovani a correre in aiuto della Patria dopo la disastrosa ritirata di Caporetto.

Attento e profondo studioso della letteratura italiana, la sua opera costituisce tuttora un importante riferimento critico e interpretativo non solo dell'opera di Dante Alighieri, ma anche di Giovanni Pascoli, del quale curò, fra l'altro, un'antologia di cinquantasei poesie pubblicata nel 1918 da Zanichelli.

Luigi Pietrobono (born Alatri, Dec. 26, 1863; died in Rome, Feb. 27, 1960), has been a critic of Italian Literature. He distinguished himself at the beginning of the 20th century in the Italian Literature Panorama as a critic of the works of Dante Alighieri and of Giovanni Pascoli, another great Italian poet. Son of Francesco and of Filippa Merluzzi, in 1880 joined the Order of the Pius Schools. Soon, he engaged in the Classical Studies, becoming a laureate in Literature in 1887 with a thesis on “Teoria dell’Amore di Dante”, published the following year. This was the beginning of his Dante’s Works studies, which became his passion for the rest of his life.

In 1889 he earned another degree in Philosophy. Since 1887 he was invited to teach in the prestigious Nazareno College in Rome as head of teaching posts of Italian, Latin and Greek literature; in Philosophy and Religion. He became dean of the college from 1897 to 1938. Among his pupils he had the poet Fausto Maria Martini to whom, Pietrobono imparted his love for poetry and particularly that of Giovanni Pascoli. In the years 1905-1906, he was director of the Conti-Gentili College of Alatri.

In 1899, after meeting Giovanni Pascoli, Pietrobono initiated the very long and fortunate essayist literary activity, after which he published many studies on the great poet. Meanwhile, he was very active in giving impulse to the literature of his hometown. He was also very active in inciting youths to march in the town square to promote nationalism and help the Country during WWI. Alert and profound academic of the Italian literature, his works still constitute an important critic and interpretative reference not only to the Works of Dante Alighieri, but also of those of Giovanni Pascoli, of which he managed, among other things, an anthology of 56 poems published, in 1918, by the famous Zanichelli Publishing House.

CHEF'S CORNER:

PIZZA DI RICOTTA DOLCE

Ingredients: CRUST

1 3/4 cups flour
1/4 cup sugar
1/4 tsp fine sea salt
freshly grated zest of 1/2 lemon
8 tbsp (1 stick) very cold butter, cut into 8 pcs
1 large egg, cold
2 tbsp cold water

Ingredients: FILLING

1 lb ricotta
2 large eggs
1/4 cup sugar
freshly grated zest of 1/2 lemon
1/4 tsp vanilla
dash of cinnamon
2 tbsp candied orange peel, chopped
1 egg lightly beaten with splash of milk

Preheat the oven to 325° F.

For the CRUST, add the flour, sugar, salt and lemon zest to the bowl of a food processor. Pulse once or twice to combine. Add the butter. Pulse a few times just until the butter mixes into the flour, forming a sandy mixture with some pea-sized pieces.

Add the egg and water. Pulse 60 to 90 seconds until it comes together into a ball of dough. Dump the dough onto a lightly floured counter. Divide it into 2 equal pieces. Set on a dish and chill in fridge while you mix the filling.

FILLING: Add ricotta, eggs, sugar, lemon zest, vanilla and cinnamon to a deep bowl. Whisk to combine. Stir in candied orange peel.

On a lightly floured counter roll out one piece of dough into a 10-inch circle. Fit it into an 8-inch pie plate. Spread the filling into the pie plate.

Roll out the remaining dough into an 8-inch circle and cut into eight 1-inch strips. Arrange 3 strips and equal length apart across the top of the dough. Arrange the remaining strips across in the opposite directions of the first set of strips. (Lattice or basket weave) Brush the crust with the beaten egg and milk for a shiny finish.

Bake until the filling is set and the top of the pie is deep golden colour, about 60 minutes. Let the pie cool completely before cutting.

Annalisa
